PDU Category Structure Update

netPM PMI New Hampshire Chapter's Networking Group

Networking *by* Project Managers *for* Project Managers

- Regular bi-weekly meetings in Derry, NH.
- No cost to chapter members.

For more information visit the group web page at: <http://www.pmi-nh.org/netPM.htm>

The updated category structure implementation begins on 1 March 2011.

Steps you need to take **BEFORE** 1 March 2011

- Register your earned PDUs in the CCR system under the current PDU categories.
- After 1 March 2011, credential holders will need to report any earned PDUs that have not been claimed using the new categories.

Please note that *you will not lose any PDUs during this transition*

The CCR category structure has been simplified, thereby reducing the number of categories from 18 to 6.

All categories use the rule that *one hour of learning activity is equivalent to one PDU*

Categories have been expanded to include Web 2.0 learning opportunities.

There will be **limits** on certain categories to **require** that all credential holders pursue project management continuing education as part of maintaining their credential

It is also important to note what is not changing in the program:

- ***The three-year renewal cycle and number of PDUs required to maintain the credential will remain the same.***
- ***The re-certification fee structure will remain the same***
